

SAHEED ARSHAD

Data Scientist & AI/ML Engineer

Mangalore, India | +91 9900704299 | saheedarshad99@gmail.com | [LinkedIn](#) | [Github](#)

PROFILE

Data Science and AI/ML engineer with a strong foundation in statistical analysis, machine learning, and computer vision, with hands-on experience building and deploying machine learning models for real-world applications. Experienced in the full data science lifecycle, including exploratory data analysis, feature engineering, model development, and evaluation, as well as building end-to-end AI applications that integrate deep learning models, local LLMs, and interactive web interfaces into practical, deployable solutions. Eager to bring analytical rigor and a problem-solving mindset to a professional Data Science or AI/ML role.

EDUCATION

Bachelor of Engineering – Computer Science and Engineering | **CGPA: 8.92 / 10**

Jul 2022 — June 2026

Visvesvaraya Technological University (VTU)

Shree Devi Institute of Technology, Mangalore, Karnataka.

EXPERIENCE

Data Science & AI/ML Intern

Feb 2026 – May 2026

Comedkares Innovation Hub, ERA Foundation | Mangalore, Karnataka

- Performed exploratory data analysis and built machine learning models for predictive analytics and data-driven decision-making using Python libraries such as Pandas, NumPy, and Scikit-learn.
- Collaborated with team members to design, test, and deploy machine learning solutions, gaining hands-on experience in problem-solving, experimentation, and project documentation.
- Applied statistical analysis and data visualization techniques to extract actionable insights from diverse datasets, supporting data-driven decision-making across different project domains.

SKILLS

- Languages:** Python, SQL
- Data Science & Statistics:** Exploratory Data Analysis (EDA), Statistical Analysis, Feature Engineering, Predictive Modeling, Data Visualization
- AI / ML:** Deep Learning, Computer Vision, Transfer Learning, Retrieval-Augmented Generation (RAG)
- Frameworks & Libraries:** PyTorch, TensorFlow, Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn
- Computer Vision:** OpenCV, ResNet18, YOLOv8, CNN, Grad-CAM++
- Frontend / Backend:** React, Flask, Node.js, HTML, CSS, REST APIs
- Databases:** MySQL, MongoDB
- Tools & AI:** Git, GitHub, Google Colab, VS Code, Render, Ollama (TinyLlama – Local LLM)

PROJECTS

Solar Scan – Solar Panel Defect Detection

- Developed a computer vision web app that detects solar panel defects in real time, achieving 93% classification accuracy across six defect categories with Grad-CAM++ heatmap visualizations for model interpretability, featuring Drone Mode simulation, zone-wise defect summaries, and batch processing via a Flask web interface.
- Conducted exploratory data analysis to diagnose class imbalance in the dataset and applied data augmentation techniques to improve model performance and generalization.
- Tech Stack:** PyTorch, ResNet18, Transfer Learning, Grad-CAM++, OpenCV, Flask, Python.

Smart Personal Finance Tracker – AI-Powered Expense Analysis System

- Built a full-stack AI-powered personal finance app that auto-categorizes expenses, performs statistical anomaly detection on spending patterns, and answers financial queries in natural language.
- Delivered UPI SMS parsing, savings goals, bill reminders, split expense tracking, and a real-time budgeting dashboard, all running locally with zero data privacy concerns.
- Tech Stack:** Flask, React, JavaScript, Ollama (TinyLlama), MySQL, Python.

CERTIFICATIONS

- PrepIndia Program – ERA Foundation & NWORX (2026)
- Object-Oriented Programming in Java – Great Learning (2023)
- Introduction to Machine Learning – Great Learning (2023)

ACHIEVEMENTS & ACTIVITIES

- Core team member of SAMBRAHM – national-level technical fest; received Certificate of Appreciation for planning and coordination.
- Actively involved in AICTE awareness programs and NSS initiatives focused on social awareness and community engagement.
- Represented Karnataka at the State Volleyball Championship, Captained school teams and received multiple awards for athletic performance.
- Managed billing, accounting, and operational records at a family retail business, strengthening data handling and problem-solving skills.
